Operation Christmas Child

Collier County collected **6,900** shoeboxes this year! It won't be known yet how many online boxes will be added to that number.

A great big Thank You to all who participated!

Please Help Captain Pat Fish Again...

You may not know Pat personally but to know him is to love him. His passion is being on the water, fishing and giving his clients a fishing trip to remember. As Blue Runner continues to operate under the expertise of a couple of supportive Captains, we hope that, with the knowledge of our amazing doctors, support from our community and rigorous treatment, Captain Pat will be back on the water doing what he loves as soon as he is able.

Captain Patrick "Pat" Lewis, the sole owner of Blue Runner Charters, in Marco Island was diagnosed with a very rare, and potentially life-threatening, auto immune disease - Granulomatosis with Polyangiitis. Due to this illness, he is currently dealing with nasal deterioration, poor respiration, and heightened anxiety. He has not been able to work since February.

We are unsure exactly what the course of treatment will look like, but it has been confirmed that it will be a long road of medications, intravenous infusions, surgery and constant bloodwork. We are currently traveling to Miami to see his doctors and will continue to travel for his treatment. Facing the financial responsibility of paying for life-long medical treatment is overwhelming.

I write this to appeal to our generous community. If you can find the time, please say a prayer, book a charter or, if you feel so inclined, please donate. We have set up a Go Fund Me Fundraiser: *Help Captain Patrick Charter Fish Again*. You can go to: Truist Bank at 950 N Collier Blvd, Marco Island, FL. Account: Go Fund Me Captain Pat to make a donation. If you can help spread the word in your social groups and on social media, that would be of great assistance and appreciation.

We don't know what lies ahead but the unknown financial burden that this rare illness weighs on him is unfathomable.

We thank you in advance, Liz Brown, Naples, Florida.

SEAWALL SMARTS

Multi-faceted Imperial Marine Construction Leads The Way

By Marco Island Gazette Staff Writer

Waterfront property owners who need seawall repairs or replacement needn't look further than Marco Island's own Imperial Marine Construction with over 100 years staff combined experience in the field.

The same goes for docks, decks, boatlifts, rip-rap, tie backs, pile wraps, repairs and maintenance - all of which carry free estimates as well.

The company, just approaching its 12th anniversary of quality work on the island, concentrates almost exclusively on durable, virtually indestructible vinyl as its material of choice for seawall jobs.

Why vinyl?
"Because vinyl is final," says Bernice Clark, who handles all the permitting for the company as well as managing the office for the hands-on father-and-son team of Rafael and Carlos Montanez. Bernice points out that concrete vs. vinyl costs are about the same on a vacant lot, but that concrete construction costs way more when there are houses present.

This is because construction must be done from the waterside, and because of staging issues caused by fewer and fewer vacant lots being available for this purpose on the island. A vinyl seawall has a warranty of between 35 and 50 years (concrete typically has no warranty other than a year on workmanship); vinyl will not warp or fade over time; it handles hurricanes and storm surge well, especially when placed in front of the existing concrete (as is usual and typical), and installation time is about the same.

In an era of increasing environmental concern, says Bernice, vinyl is perfect because it doesn't decompose.

Vinyl is maintenance free, unlike concrete's seams that degrade, barnacles have a harder time clinging to the surface, and aesthetically vinyl is simply more pleasing.

When you call the company, point man is Bryan Russell - who has decades of experience in marine construction. Bryan will explain the technicalities, such as how the tough vinyl sheets interlock and are sunk deeper than the concrete counterparts.

He's also an expert on all the other facets of Imperial Marine's services, and notes too that extended "land decks" are becoming increasingly popular with waterfront dwellers on Marco. "They add more living space," Bryan says. "They tie everything in, and it looks really clean."

Vital to every construction company, of course, are reliable crews. Imperial has long-serving, specialist crews for docks and for seawalls, for example.

This, Bernice says, fits with the company's motto of "Where Great Price and Quality Work Meet."

For more information, visit their website at ImperialMarineConstruction.com or call Bernice at 239-272-3152. Bryan's e-mail is bwr.imc@gmail.com, and his contact number is (239) 272-6952

"These guys are a high integrity family owned business who I have used directly or indirectly for more than 12 years. They have rebuilt docks, installed and maintained lifts and re-capped my sea wall at various homes for me on Marco Island. Finding reliable trades down here in SW FL is difficult. I consider Imperial Marine to be one of those. They will continue to get the first call for my future work."
— Mike S. Marco Island
